Site Location Plans
A Landmark Service

Envirocheck Site Location Plans

Envirocheck Site Location Plans are high quality, site-centred location plans that have been designed specifically for consultants to aid the production and improve the presentation of desk studies.

For £10, the product features:

- A set of 3 Ordnance Survey map images clearly identifying your site boundary as defined from your Envirocheck order
- The scale of source mapping provided depends on the size of your site:
 - Up to 15 hectares – 1:2,500 (MasterMap), 1:10,000 and 1:50,000
 - 15 – 30 hectares – 1:10,000, 1:50,000 and 1:250,000
 - Over 30 hectares – 1:25,000, 1:50,000 and 1:250,000
- One stop shop – order your reports and your location maps in one easy step
- Available instantly to download via email as GIF files or on CD within 24 hours
- Exclusively available with an Envirocheck Report

Add that professional touch

Envirocheck Site Location Plans are the ideal solution to add value to your desk studies and put your site into context.
