

Planning Information

Why do you need Planning Information?

The planning system plays an important role in helping to protect the environment in our rural and urban areas. During the planning process you need to make informed decisions and our range of planning information will help you do just that. Gain an understanding of all planning related activity both past and present, including proposed developments and land use designations near your site.

Featured Products

Points of Interest Information

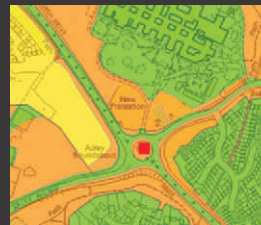

Over 4 million features including schools, hotels and non-addressable features such as lakes and car parks.

Planning Applications

All post 1997 Planning Applications collected from planning registers throughout Great Britain.

Local Development Plans

Land use policy designations collected throughout Great Britain from Local Plans and Local Development Framework documents.

Constraints Data

Constraints data is comprised of areas deemed to be of natural importance, including Green Belt Data, only commercially available through Envirocheck and SSSI's. Land Use Constraints available include built heritage, listed buildings and rights of way.

Benefits

- **Quality Assured** – Data is sourced from multiple suppliers from which duplicates are identified and removed, producing the best available data.
- **Accurate** – All data is georeferenced and site-specific.
- **Fast** – Data is delivered by email download within 3 hours of placing your order.
- **Legal** – All data is fully licensed for commercial use, under a single managed licence, with automatic expiry reminders.
- **Convenient** – All data is held in one place, negating the need to spend time searching and collating data from several disparate sources.
- **Saves time** – No need to digitise constraints data by hand.
- **Flexible** – Only buy the data you need for your project.

Applications

Planning Information is essential for anyone involved in the planning process. The information available through the Envirocheck service enables identification of; potential receptors, designated areas that may have restrictions that limit the extent and type of property development and intended use for parcels of land.

How to order?

To order Planning Information or to find out more information on any of our products and services, please visit www.envirocheck.co.uk. If Envirocheck does not provide what you need, please contact your dedicated Account Manager or call Customer Services on **0844 844 9952** to discuss a bespoke solution for your business.
